PRESS RELEASE

26.10.2023

CCN INSURANCE SERVICES TO LAUNCH ITS NEW DIGITAL PLATFORM FOR IPMI SERVICES

CCN Group is excited to announce the launch of its International Private Medical Insurance (IPMI) services through CCN Insurance Services AG.

Haar / München – 26.10.2023. CCN Insurance Services is a well-established company that specializes in third-party administration (TPA), run-off management, green card claims, managing general agencies (MGA), contract and customer management. With its extensive expertise in these areas, CCN Insurance Services is well-positioned to provide top-notch consultancy services for IPMI products.

**International Health Care EU**

Offered by CCN Insurance Services

For individuals planning long-term stays abroad, regardless of the purpose, CCN Insurance Services will offer expert advice on selecting the most suitable **IPMI** products via **International Health Care EU** service. With a team of experienced professionals, they will guide clients through the various options available, ensuring that they find the perfect coverage for their specific needs, plans and duration of stay.

One of the key strengths of CCN Insurance Services is its strong partnerships with prestigious and well-known insurance providers in Germany. By collaborating with these trusted partners, CCN Insurance Services can offer peace of mind to both businesses and private individuals, knowing that they are receiving the highest quality coverage.

With the introduction of IPMI services, CCN Insurance Services also aims to offer several value-added services (VAS) for those travelling abroad to address some of the inconveniences that may arise during their travels. In this point, services from another **CCN Group** member **FlightClaimEU** will be offered. **FlightClaimEU** provides value-added services, including formal support in the follow-up and management of the claims process in order to avoid any inconvenience to travellers in the case of flight delays, flight cancellations, baggage delays, baggage damage or loss or cancellation of travel. Thus, in addition to IPMI products, travellers will also be able to benefit from these value-added services that are considered useful for their travels.

To access CCN's new International Private Medical Insurance consultancy services platform, you can visit internationalhealthcare-eu.com. This user-friendly website provides a brief introduction to help clients get informed about the IPMI product categories that **International Health Care EU** is able to consult and of course they will be able to make sudden inquiries and get fast paced consultancy completely free of charge.

With the launch of its IPMI consultancy services, CCN Insurance Services is poised to become a go-to resource for individuals and organisations seeking comprehensive and tailored medical insurance solutions for their international travels especially for long-term. Whether it's for business or personal reasons, CCN Insurance Services is committed to provide exceptional service and ensure that clients have the peace of mind they deserve.
